BROW - MICROBLADING (120 Min)	<b>R1750</b>
BROW - MICROBLADING TOUCH UP (90 Min)	<b>R1100</b>

## LASER HAIR REMOVAL

Laser hair removal is one of the most effective ways to remove unwanted body hair. Hair grows in three different phases, and for the laser to effectively destroy the root, the hair needs to be in the growth phase. It is for this reason that multiple treatments are required. In order to capture each hair in that growth phase, you will need to have several sessions spaced out roughly four weeks apart.
